

REMARKS

The amendment to the specification corrects a misspelling and clarifies the description of formula 5 found on page 6.

Claims 4-5 are original.

Claims 1-3 are amended.

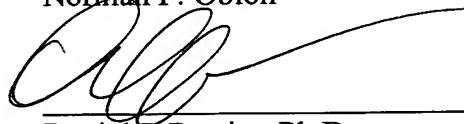

Claim 2 has been amended to add the term "a hydrogen atom." The amendment to the claim is supported on page 2, line 6 of the certified English translation submitted on May 11, 2004. Additionally, Claim 2 has been further amended to allow the claim to correspond to formula (5). After studying formula (5) of Claim 2, this amendment would have been obvious to one of ordinary skill in the art. Support for amended Claims 1 and 3 is found in original Claims 1 and 3.

Upon entry of the amendment, Claims 1-5 will be active.

No new matter is believed to have been added. An action on the merits and allowance of the claims is requested.

Respectfully submitted,
